The Process of Becoming a Track & Field Official

The completion and return of this form will register you with the Southern California Track & Field Officials Committee and begins the following process:

1. You will receive, complete, and return a rules test.
2. Your name will be added to the Commissioner's officiating assignment lists.
3. You will receive a Practicum Completion form, which requires you to complete 7 areas of officiating assignments.
4. You must attend a minimum of one officiating clinic annually.
5. Having met the certification requirements, you will be certified nationally at the Association level. Though you will have an opportunity to select a maximum of six skill areas in which you would prefer to officiate, this does not preclude you being assigned to other events when needed.

A minimum of one certified official must endorse you.

My signature below indicates that I believe that I am in good enough health to officiate track & field events.
